ADAPTATION TO CLIMATE CHANGE

## Unlock financing for climate adaptation

Apply as a consortium to manage the pilot on financing local adaptation actions

This pilot aims to combine public grants with private financing (bank loans) to make adaptation projects more financeable and scalable.

### What's on offer?

- **€20 million** for one consortium to manage the pilot and provide subgrants to local adaptation project promoters
- Working on combining the subgrants with bank loans via EIB intermediated financing
- Support for real adaptation actions (incl. Nature-based Solutions)
